EXPLORE KENYA YA MISSION TEAM

Pack your passport and get ready to jet outside of your comfort zone. Once you touch down in **Kenya** you'll be hosted by Gateway Beyond workers **Ryan and Anna Cuthel** who will help you explore what cross-cultural missions looks like on the ground in and around Nairobi. The team will invest time in the I Afrika ministry working with vulnerable youths, learn about ministry to isolated people through Mission Aviation Fellowship (MAF), and meet local Christians sharing the **life changing message of Jesus**.

Ryan and Anna will tailor this team opportunity to the skills and gifts of team members so come prepared to step up and contribute. You'll have the chance to get your hands dirty and put your **faith into action** – praying for people, street evangelism, teaching at I Afrika's school and doing children's ministry. You'll also get the chance to connect with Kenyan people where they live, and so unpack issues such as poverty, injustice and sustainable community development in urban and rural contexts.

You'll experience Kenya's wonderfully rich culture, eat local food, shop at markets, navigate the bustle of traffic, and if you open your eyes **you'll see Jesus everywhere**. And because it's Kenya, you will also have the chance to visit an elephant orphanage, giraffe sanctuary and explore God's creation on a 2 day camping safari.
